**No. 92** is an exclusive scientific formulation consisting of **Natural Vitamins A and E plus Selenium**. Vitamin E improves circulation, is necessary for tissue repair and maintains healthy nerves and muscles while strengthening capillary walls. It helps prevent cell damage by inhibiting the oxidation of lipids or fats and the formation of free radicals. Selenium enhances vitamin E uptake and is also a vital antioxidant. Vitamin A is a powerful free radical scavenger. By destroying free radicals or neutralizing their effect, antioxidants help to detoxify and protect the body.\*
