**Product Specification Information**

---

**Black Walnut**

**Hulls and Leaves**

Product Code 4220 - 90 tablets

Dosage: 1- 2 tablets a day in an 8 oz. glass of water.

---

The Walnut tree is a large and handsome tree growing in Asia, Europe and North America. Native to Persia, it grew to fame in southern Asian and the Mediterranean for its furniture wood as well as its fruit. The Romans call the tree *nux*, for its nuts. In Roman mythology, men lived on acorns while the gods lived on walnuts, or the fruit of Jupiter.

In the herbal apothecary, Black Walnut is multi-talented. Traditionally, it has been known to expel and kill parasites. The famous herbalist, Nicholas Culpepper, used European walnut to “kill worms in the stomach.” The herb may have many antifungal properties as well as digestive actions. The compound, *juglone*, isolated from Black Walnut, has been shown to be a laxative, fight worms and have a strong activity against bacteria.

**The Nutritional Functions of the Ingredients**

<b>Active Ingredient</b>	<b>Function</b>
Calcium (as carbonate, amino acid chelate)	325 mg - 32% RDV <ul style="list-style-type: none"><li>• Major component of bone, needed for bone formation.</li><li>• May be required for cell transport.</li><li>• May be required for nerve cell function.</li><li>• May be essential for muscle function.</li><li>• Important for normal blood clotting.</li></ul>
Wachters' Proprietary Blend consisting of	• 1140 mg - no RDV established
